

## The mission of CKEC...

is to provide its member districts services in training, purchasing, diversity education, professional development, consulting and other specified services required for enhancing member districts' effectiveness. Through this process, the Cooperative shall remove barriers and provide additional resources for school systems to improve student achievement.

We achieve this mission by providing quality, unique and diversified services as requested by each member system. For a list of our current district members, visit our website at [www.ckec.org](http://www.ckec.org).

## We would be glad...

to answer your questions and assist in determining how we can help your school district. For more information, or to learn how your school district can join CKEC, please call us at (859) 257-3244.

Our consultants regularly travel throughout Kentucky—and oftentimes the United States — to meet with school districts and to learn about practices that offer the greatest potential for success.

We have decades of professional experience in education, as consultants, classroom teachers, administrators and, in many cases, as professors at colleges and universities.

Our vast experience in purchasing and our extensive contacts with vendors of all kinds of products and services mean we are uniquely qualified to help you determine where your district can save the most money on those products and services.

## CKEC membership provides...

superintendents and staff of member districts opportunities to network with colleagues on a monthly basis at board meetings. Each month, the members meet to discuss common issues that face their districts and learn about activities to enhance their school systems. Programs are designed with an emphasis on professional learning communities and delivered through scheduled sessions and C.E.O.-type cohorts.

CKEC also offers monthly meetings for professional development coordinators, food service directors and other district leaders, to facilitate the continual development, implementation and assessment of activities aimed at enhancing student achievement and staff effectiveness.

Our leadership training for principals, counselors and teacher leaders helps prepare them for the challenges they face each day in their schools. Our goal is to enable them to perform at the highest level possible in every situation.

Here are a few of the ways we can serve your district:

## **Group Purchasing**

We help school districts save money by purchasing or bidding products as a group. To see lists of bid prices and vendor contact information, visit [www.ckec.org/purchasing](http://www.ckec.org/purchasing).

## **Professional Development**

We provide support and training throughout the year to help educators do their jobs smarter, faster, more efficiently and more effectively. We also help educators through the National Board Certification process. For details, see our Calendar at [www.ckec.org/professional-development](http://www.ckec.org/professional-development).

## **Consulting**

We provide a wide range of customized consulting services, all aimed at helping school districts improve student achievement and optimize their administrative practices. Call us at (859) 257-3244 to schedule an appointment.

## **Networking**

Our members know, support and assist each other in the business of educating children. We will be glad to discuss how we can support your district.

## **Diversity Education**

We specialize in helping school districts determine how to close the achievement gap. Let our consultants evaluate your situation and help you develop a plan for success!

## **Policy Development**

We are actively involved in state level policy and legislation development.

## **Building Alliances**

We develop strong alliances with districts, state agencies, universities, community organizations and the private sector.

# C

**Central** to the purpose of CKEC is the provision of a wide range of services aimed at enhancing the efficiency and effectiveness of schools, school districts and their staffs. Our goal is to provide valuable resources to our members so they can achieve their true potential.

# K

**Kentucky** school districts that implement proven programs, policies and procedures will be best positioned to realize the goals and standards required of them. CKEC acts as an arm of your district, providing services and support that may not otherwise be available.

# E

**Educational** excellence is the result of a strong foundation and structure at all levels. CKEC is dedicated to providing the programs and services best suited to support your district's climb to excellence.

# C

**Cooperative** efforts to improve education in the Commonwealth are necessary, prudent, and wise, especially during tough economic times. CKEC helps make the most of your staff, finances, professional development and other limited resources by serving as an additional "super member" of your district's team.
